

Valen Rionald

👤 Profile

My name is Valen Rionald. I was born in Kuningan, West Java on August 6, 2002. I graduated from SMA Negeri 1 Kuningan in 2020, and currently, I am pursuing my education at the International Logistics and Business University in Bandung, West Java. I am enrolled in the Diploma 4 program in Information Technology. Currently, I am also employed in the Information Technology Directorate as an IT programmer at the International Logistics and Business University. Additionally, I am a part of the Museum Geology Bandung's Information System Development Team, where I work as a Back-End Developer.
